WELCOME

WELCOME TO HI-TEC OILS TOOWOOMBA SPEEDWAY

Welcome to Hi-Tec Oils Toowoomba Speedway for our final event of the season. We've had a huge season with record car counts and record crowds which is pretty exciting given the current economic climate.

Firstly, I wanted to sincerely thank all our volunteers, officials, contractors, and staff that have worked tirelessly this season to make all our events possible. We are blessed to have such a wonderful team of people that are working as one to showcase this great sport! Secondly, massive thank you to all the drivers, car owners, crews and spectators that have travelled such long distances to not only support this weekends event, but all our events throughout the season. Your support means a lot and gets us excited about continuing to run big events for all divisions in Toowoomba.

This weekend the Hanceys Turf Australian Late Model Title will be held which has quickly become one of the most eagerly anticipated events we've run. It's the biggest field of Late Models ever seen in Queensland with 42 drivers nominated for what becomes only the second Aussie Title held in Queensland for the division.

Defending Australian Champion Brent Vosbergen leads a very strong field from all parts of Australia. Its truly remarkable to have so many drivers from Western Australia, Tasmania, Victoria, New South Wales along with Pierce McCarter who makes the trip to Australia from Tennessee. Its also cool to have the Australian Sprintcar Champion Lachlan McHugh jump in a late model this weekend.

Without calling out all the contenders, let's just say the field is stacked and we are in for some of the most exciting and fierce sedan racing we've probably ever seen in Toowoomba!

The support classes this weekend have got us all pretty excited with some fantastic line-ups locked in to do battle. Friday night also features 25 Modified Sedans for Round 5 of the Toowoomba Steering & Suspension Smackdown Series that currently being led by Nathan Macdonald. Modlites will contest Round 6 of Dondex Extreme Series and a field in excess of 30 cars have nominated including Supercars Bryce Fullwood who makes another appearance in the Q23 Modlite.

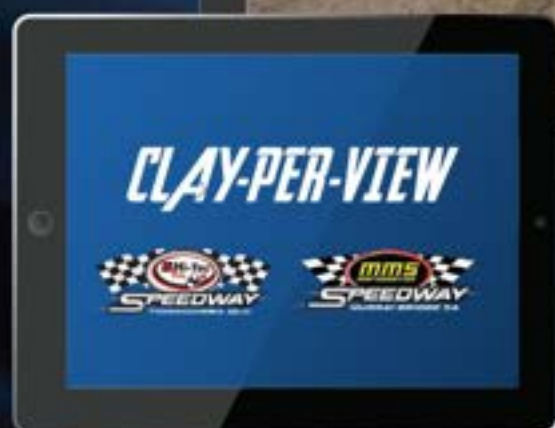

Saturday night sees the Modified Sedans back for the Grand Final of the TSS Smackdown Series along with a 40 car field of AMCA Nationals for the Shock Absorber Therapy Queensland Title that attracted drivers from Tasmania, Victoria, New South Wales and Queensland. Making up the program will be over 20 V8 Dirt Modifieds for the Super Rooster Champion of Champions race that pays \$5,000 to win. We've also got fireworks and for the first time in years, a Demo Derby with 24 cars for the State of Origin Qld v NSW Teams event. Massive thanks to all the Derby drivers that have built cars for this event. I look forward to running another one next season if this event proves successfully.

Thanks again to everyone for their support this season. Next season's calendar will be out very soon, but in the meantime, sit back and enjoy this weekend's exciting event, as it all starts now.

The Downs Speedway club was originally established in 1966-67 when racing was held at the old Toowoomba Showgrounds and continued there until 1974 when the Royal Agricultural Society announced they would promote speedway themselves. The then members of the club voted to establish their own grounds and in May 1975 the land at Charlton was purchased and many hard-working dedicated people spent a lot of hours working to establish this great complex that we enjoy today. The Down Speedway Club's Charlton Raceway complex was opened on 23 April 1977.

The club ran and operated the venue successfully until the 2013/14 season when become privately promoted by Alan Woods who operated the venue for two seasons until he sold the lease to Made Too Go Pty Ltd (Barry Waldron) in 2015 for the 2015/16 season.

SPEEDWAY INJECTS \$4M+ INTO TOOWOOMBA ECONOMY

An independent economic impact study has identified another \$4m+ windfall for the Toowoomba Region thanks to Hi-Tec Oils Toowoomba Speedway's "Red Hot Summer Shootout" & "Ultimate Sedan Weekend" events held during back-to-back weekends in January this year.

The study demonstrates the ongoing importance of the Speedway to the region as a major tourism drawcard, establishing the venue as a major player in boosting the area's economy.

"It's a tremendous result for the Darling Downs region, and something our community can be really proud about", Events Manager Ryan Harris remarked.

"To be able to attract competitors from America along with thousands and thousands of fans from interstate for our events here in town that ultimately now consistently injects millions of dollars into the local economy proves that Hi-Tec Oils Toowoomba Speedway continues to be a significant contributor. When you consider that this study only covered two events out of our the twenty-five plus we run each year, it's staggering to consider just how big the overall contribution from a whole season could be," Harris said.

The study demonstrates the emerging importance of the Speedway to the region as a major tourism drawcard.

AT A GLANCE

- + The Toowoomba Speedway attracted 12,189 individuals who either competed, accompanied a competitor or came to watch either one or both events.
- + The Toowoomba Speedway generated direct and incremental expenditure of \$3,972,917 attributable to the Toowoomba economy AND \$1,241,041 attributable to the Queensland economy.
- + The Toowoomba Speedway was responsible for generating 19,573 visitor nights for the Toowoomba region. The majority of these nights were generated by intrastate visitors (14,284), across the two weekends of competition.
- + In total, \$4,122,422 was spent by overnight visitors who stayed more than 40km from their normal place of residence. The majority of this spending was undertaken by intrastate visitors (\$2,976,612).
- + When assessing 'community pride', the Toowoomba Speedway rates high to very high on the majority of indicators. The highest level of agreement was recorded for the statements 'The Speedway events adds to the appeal of the Toowoomba region (98%)', and 'Local residents should feel proud of the Toowoomba Speedway' (97%).
